

AVIATION REAL ESTATE

Find your next hangar.

Buy, sell, lease, sublease, or rent. The first marketplace that puts every type of hangar deal in one place, with a direct line to the host or broker who can actually close it.

FOUR WAYS TO TRANSACT

Buy / Sell

List your hangar for sale or find one to buy. Most deals close within 90 days, broker support optional.

Lease

Multi-year terms with stable monthly costs. Options for ground leases or full lease-to-own.

Sublease

Take over part of a larger hangar from a current tenant. Lower friction, faster move-in.

Rent

Month-to-month flexibility with no long commitment. Ideal for transient or seasonal needs.

WHY USE HANGARMARKETPLACE

One search, every option.

Other listings sites cover sale or lease but not both, and almost none surface subleases or month-to-month rentals. Marketplace puts all four side by side, so you compare the right deal type for your situation without hunting across three different sites.

Vetted brokers, no cold calls.

Every broker on the platform is reviewed before approval. When you message a listing, you reach a real aviation professional who closes hangar deals, not a generic real estate agent guessing at door-height specs.

Free to browse, free to list.

No subscription. No paywall on any listing. Owners post free, and buyers browse free. Optional sponsored placement is the only paid feature, and it is always clearly labeled so nothing is hidden behind a fee.

HOW TO GET STARTED

1. Search by airport.
2. Compare side by side.
3. Reach the right person.
